SUPPLIER MANAGEMENT

Your Supplier Performance In One Place

Supplier compliance is critical to reducing risk, ensuring quality, and meeting customer expectations, but the activities involved can be tedious and time-consuming. Know how well each supplier is performing, instantly. Increase visibility into your supply chain without the hassle, all while making it easier for your trusted partners.

Simplify Communication

Put an end to back-and-forth emails about expiring certificates and other supplier details with a convenient and secure supplier network. Leverage a user-friendly supplier portal to digitally share and capture requirements, trigger notifications, and save time for both your internal teams and your suppliers. Set up a new supplier in minutes and associate existing supplier- and item-based requirement sets to qualify them quickly and easily.

Key Benefits

Maximize productivity

Save time

Eliminate paper & emails

Simplify supplier processes

Unlock visibility across your supply chain to identify and reduce risks. Use intuitive features like supplier scorecards and risk assessments to score and track your suppliers. Easily access all of your vendor scorecarding data via one integrated platform. Drive business decisions with combined insights from supplier compliance and performance in one place.

Enable Remote Supplier Audits

Leverage SafetyChain's secure supplier portal to collect, retrieve, and analyze all necessary documents for thorough and hassle-free remote audits. Suppliers can add attachments and be assigned tasks, while your internal teams can perform signoffs efficiently.
